DANZ TRAY ONE STOP DENTAL TRAY

Tray options to meet your needs

Custom bleaching tray with chairside fabrication!

In one stop your patients can take home a custom made bleaching tray. Danz Tray is a proprietary blend of soft EVA for making custom bleaching trays chairside directly from a PVS impression. The Danz Tray is easy to fabricate and comfortable to wear; saving your practice time and money while increasing patient satisfaction because there is no need for a follow up visit.

Danz Tray Kit:

20 Soft EVA templates and fabrication instructions.

Standard Tray (for bleaching and average size arches)
536-2397 1 @ \$24.95

Large Tray (for reaching posterior molars and larger size arches)
536-2348 1 @ \$29.95

NEW

Insty-Tray Instant wax tray

Instant Forming Single Use Wax Tray

Instant forming wax tray wraps itself around the teeth, providing a comfortable, cost effective method for the application of bleaching gels, remineralization pastes, fluoride gels and other high viscosity gels.

Insty-Tray Kit:

18 packs of 10 wax trays with patient instructions.

536-2389 1 @ \$69.95

Warm & Form Trays

No Chair Time Required Compete against over the counter products

Requires no chair time. Patients form a custom mouth tray at home by simply dipping the tray into hot water and forming it to their teeth.

Warm & Form 3 Pack:

3 warm & form trays with patient instructions.

536-3007 1 @ \$4.25
3 @ \$3.95

Warm & Form Bulk Pack:

20 packs of 3 warm & form trays with patient instructions.

536-3015 1 @ \$61.95

Whitening options... to meet the needs of your patients

IMPROVED

Forté[®]

Teeth Whitening

Faster Formula

More whitening power with the same great calcium therapy.

No Sensitivity Rejuvenates Luster

This unique blending of carbamide peroxide and calcium peroxide at the time of application not only unleashes a very fast whitener but releases free calcium to restore enamel luster and prevent sensitivity.

Equivalent Whitening Strength:

Forté combines 30% carbamide peroxide and 14% calcium peroxide making it equivalent to 27% carbamide peroxide.

Forté Patient Kit:

4 - 4 ml dual syringes, multiple mixing tips, EVA sheets, storage case and instructions.

536-2413 1 @ \$36.50
 3 @ \$35.50

Forté Maintenance Kit:

2 - 4 ml dual syringes, multiple mixing tips and instructions.

536-2371 1 @ \$16.75
 3 @ \$15.75

Forté Express Kit:

4 - 4 ml dual syringes, multiple mixing tips, moldable mouth trays, storage case and instructions.

536-2355 1 @ \$35.95

Forté Bulk Pack:

36 - Individually packaged 4 ml dual syringes, multiple mixing tips and instructions.

536-2439 1 @ \$189.95

Duet 30 536-2108
Duet 22 536-2090
 1 @ \$32.50
 3 @ \$31.50

Fast Whitening No Sensitivity

Duet's dual barrel syringe system perfectly blends carbamide peroxide and a water based activator for fast whitening and to eliminate fluid upset, preventing the onset of sensitivity.

Equivalent Whitening Strength:

Duet 22 - 15% Carbamide Peroxide

Duet 30 - 18% Carbamide Peroxide (Duet's most popular strength)
